

International Olympiads

Olympiads are exams conducted throughout the world that lets students compete with each other on similar education level. They are conducted for students from class KG to class PH. D (i.e. I, II, III, IV, V, VI, VII, VIII, IX, X, XI, XII, Diploma, UG, PG, M. PHIL, PH. D). These exams are conducted by various organization across India and Abroad. The questions asked are in the form of multiple-choice questions. These exams are conducted on multiple subjects like Science, Mathematics, Social Science, Art, Computer Science, Design, art and craft, ancient language, General Knowledge, and English. Over the years organizations have stressed to help analyze their strengths and weaknesses by providing them a platform through these exams, with the objective of identifying and nurturing young talent for better academic results. These exams can be taken up Individually or at their schools.

These exams are conducted in two modes – online and offline. Online exams are conducted with a vision to promote online learning where students will be able to take up exams from any corner of the world.
